Assistant Commissioner for Patents
Washington, D.C. 22031

Sir:

This is an Information Disclosure Statement submitted under 37 C.F.R.1.97 ff with the time specified under 37 CFR 1.97(b).

Attached is English-language International Preliminary Examination report and the references cited therein, for the international application related to the above identified application.

A Form PTO 1449 listing a total of seven references is attached. The references are two U.S. patents, one German Application, one international application, and three other references.

The relevance of the German Application is discussed in English in the International Preliminary Examination Report. The relevance of SOLVAY S.A. Brochure, BR. 1566a-B-1-0396, pages 1-12, (March. 1996) is that it discloses a dry process of fume purification with sodium bicarbonate and recycling of the sodium containing waste products, as discussed in the application. Seifen-Ole-Fette-Waschse, pages 849-858, (Nov. 20, 1968) includes an English language abstract on page 849 and is discussed in the application.
